A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 55, Number 42 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | Friday, July 22, 1949

Los Gatans Join Campbell Kiwanis For Inter-Club

Thirty-five members of the Los Gatos Kiwanis Club journeyed this week to join the Campbell club in an inter-club meeting Tuesday noon at the Campbell Country Woman's clubhouse.

Harold Davis, president of the Los Gatos club, acted as the master of ceremonies and introduced the speaker, Dr. Gustav Fassin. The speaker recently returned from a visit to Mexico and gave the group an intimate word picture of his experiences there.

Taxicab driving, he said, is something to behold; first one to the corner and across the intersection is the lucky driver. Dr. Fassin attended bull fights in Mexico, but was not too enthusiastic about the experience.

Mexico City is growing very rapidly, almost too rapidly to retain its old charm. Dr. Fassin described one relic of the past, just a little way outside of Mexico City there stands a temple of the sun, part of which was destroyed by the Spaniards in years past.

Many other points of interest were visited by the Californian, including the old Aztec ruins, the ancient Mayan ruins, the pyramids built and rebuilt, sometimes one on top of the other. These are now being studied by archaeologists.

Down near the coast, he continued, the orchids were beautiful and plentiful. Acapulco compares very favorably with a great many tourist spots in the United States. On the way to Acapulco he visited the silver mines of Tacos. The town itself, backward, was replete with ragamuffin urchins, beggars and other unfortunates. It was here the Fassin party witnessed a funeral, the procession being led by musicians, the coffin borne by Indians, and the march of the entourage accompanied by the shooting of firecrackers.

Mexico's new active volcano was viewed by the party and the speaker described it as one of the most awesome and spectacular sights ever witnessed.

At next week's meeting of the Campbell Kiwanis, William Regan, San Jose Evening News staff photographer, will be the speaker. Eugene Barnes, co-publisher of the Campbell Press, will be chairman of the meeting.

Applications For Patrol Doubled During Extension

Fifteen applications have been received by the Chamber of Commerce police committee which is seeking to establish a merchant patrol for the community.

This is almost double the amount received by last Friday when the application period was extended by the group until today. Attorney Richard Morton, member of the committee, said any applications received today would be considered.

Members of the committee will meet in about 10 days to review the applications. Although no definite procedure has been established for the appointment, Morton said it was his belief that those who meet the qualifications should be invited to appear before a mass meeting of the Campbell merchants, and the final selection should be based on recommendations of this meeting.

Mrs. L. Levenberg, Mother of Local Man, Passes Away

Mrs. Elizabeth Doherty Levenberg, mother of Mr. Budd Levenberg of Campbell, passed away Thursday in Fresno. Mr. Levenberg had recently returned from Fresno where he visited with his parents and family.

Funeral services for the Campbell man's mother will be conducted in San Francisco Monday. Interment will be at Holy Cross Cemetery. Rosary will be recited Sunday night at the funeral parlors in San Francisco. For time and place consult San Francisco newspaper notices.

Mrs. Levenberg is survived by her husband, Louis J. Levenberg; four daughters, Claire of Fresno, Mildred and Loretta of San Francisco, and Beth of Norfolk, Virginia; and two sons, Budd of Campbell and Louis Jr., of Santa Rosa.

Campbell Man Air ROTC Cadet At Hamilton Field

Currently undergoing intensive training as an Air ROTC Cadet at Hamilton Air Force Base is Joseph N. Prestigiacomo, son of S. Prestigiacomo, 425 N. Winchester Road, Campbell, Calif.

Joseph N. Prestigiacomo, Air ROTC Cadet

Scheduled for six weeks, the camp training will indoctrinate the Cadets and train them as Administrative and Supply officers in the Air Force. ROTC detachments from colleges and universities all over the west are represented at the student officer encampment. Prestigiacomo is attending the training session with the group from San Jose State College.

On completion of duty cadets return to their various campuses for another year of classroom instruction after which they will receive reserve commissions as second lieutenants in the United States Air Force.

JAYCEES PLAN YULE FETE FOR CAMPBELL YOUTH

Plans for a Christmas party for the children of Campbell were launched Wednesday night at the regular meeting of the Campbell Junior Chamber of Commerce. Fifty members and their wives were present at the barbecue and business meeting held at the Snell Road home of Joe Bloom.

Plans will be further developed at regular meetings of the Jaycees in the near future on the Christmas holiday young people's party.

Bill Lomas, national director of the United States Chamber of Commerce, was present at the meeting Wednesday night and exhibited colored films of the national Junior Chamber convention held last month at Colorado Springs.

Kenneth Roberts, Campbell Junior Chamber president; Monte Koch, secretary, and Joe Bloom, state director, will attend a meeting tonight at Hotel Sainte Claire with representatives of other District Four Jaycees. The session will determine dates and places of the district meetings to be held this fiscal year. Roberts said his group will endeavor to have the fourth of the five meetings held in Campbell. This will probably be in April.

Next meeting of the Campbell Jaycees will be held Wednesday, August 3. The time and place will be decided upon next Thursday at the regular meeting of the board of directors, to be held at 8 p.m. at the home of Monte Koch.

Homes Looted Over Weekend

Burglars looted two homes on Los Gatos-Almaden road over the weekend, stealing cash, clothes and personal belongings.

The Sheriff's Office reported that homes of Mrs. C. E. Shaddox, Route 1, Box 1133, and Norman Corvello, Route 1, Box 1126, were entered. At the Shaddox home the intruders walked through the front door while Mrs. Shaddox was gone, and took a table radio, $2 in cash, two women's coats, a signet ring and other articles.

A bedroom window screen was cut at the Corvello residence, and the burglar took a camel hair coat, two men's coats, sheets and women's clothing.

Editorial

The publishers of the Campbell Press seldom use these columns for editorial purposes, but we believe that there is now current in this community an attitude of brazen disregard for the law and for the welfare of the citizens which must be corrected before it has gone beyond the limits of the community's ability to take a hand.

We call to your attention the careless, juvenile, heedless attitude of a growing number of youngsters who have been racing their hot rod cars up and down the residential and business streets of Campbell. Campbell Avenue has become a speedway. The Milton Avenue intersection has been the scene of an appalling number of accidents in recent months, largely due to excess speed on the Campbell Avenue thoroughfare.

Last Tuesday a group of these thoughtless juveniles chose the Carlyn Avenue area for their afternoon racing pleasure, speeding up and down the street, sometimes three abreast, ignoring demands of residents that they halt, and eventually causing such indignation on the part of the neighborhood's citizens that they are ready to go to almost any ends to obtain police surveillance of the district.

This community of some 10,000 citizens has a great percentage of small children. In the Carlyn Avenue blocks alone there are 30 children under ten years old. Some 200 youngsters use the nearby streets in their daily play.

The Campbell Press both urges and supports any legal move to deny driver licenses to such youths as those who created such alarm on Carlyn Avenue last Tuesday, and further recommends that the community organize immediately and demand the police protection which a community of 10,000 both needs and dserves. As taxpayers, it is the right of Campbell's citizens that they receive their share of the law enforcement program for which they pay.

We do not encourage the formation of individual groups for the purpose of taking the law into their own hands as has been openly suggested by numerous aroused citizens, yet we do demand adequate law enforcement for the protection of this community.

There was a time in California when the tax structure was not set up to take care of law enforcement. At that time it became necessary for the citizenry to form their own groups to curtail lawless elements.

The day of the Vigilantes is far in the past, yet here in Campbell we now hear murmurs reminiscent of those times.

These racing children and their hot rods may not appear to be too big an issue, but it is indicative of the lack of adequate police protection in this area. We have no local staff, and when a peace officer is needed he is not needed in two or three hours —he is needed at once.

We believe that an unincorporated community of 10,000 people deserves more consideration at the hands of the County Board of Supervisors and the Santa Clara County Sheriff's office.

Moorpark Play Program Needs More Volunteers

The Moorpark area summer recreation program is now in full swing with 188 children enrolled under the supervision of Mrs. Melvin Fairbanks of the Moorpark School. A group of 45 mothers are helping with the recreation schedule.

Craft work of the children will be exhibited at the end of the summer, with the best examples to be sent to the county fair.

A popular feature of the activities includes movies for the children every Thursday. Moorpark students recently enjoyed a baseball game with the San Tomas pupils.

The recreation program is planned for younger children from 10 to 12 a.m., and older children from 1 to 3 p.m. daily, Monday through Friday at the Morpark School. More help from mothers is needed to fill out on absences among mothers going away on summer vacations. Anyone interested please call the school, Columbia 2462.

Boy Hurts Finger In Cement Mixer

Howard Randell, 4½, son of Walter Randell of 195 Shelley Road, Campbell, caught the little finger of his right hand in a cement mixer near his home Friday, and may lose the finger.

He was playing on the mixer when he caught the finger in the gears, nearly severing the finger from his hand and bruising other fingers.

Young Howard was taken to Santa Clara County Hospital for treatment, and the finger was restitched to the hand.

The San Tomas Improvement Club is planning to have a barbecue Sunday, July 23 at 2 p.m. It will be held at the Stephen S. Ridgely Ranch and will be for menmbers only.

Five Dog Owners Win Awards At Mutt Show

Five winners were awarded the prizes at the mutt show held on Saturday afternoon at the Campbell Theater. Four prizes were for dog entries, and the fifth went to the youngest dog owner in the crowd. Campbell merchants supplied the prizes.

Janet Cobb's pooch won the prize for best trick performance, and the prize of a pair of shoes from Burt's Shoe Store went to young Miss Cobb. Bobby Ramp's entry took the prize for cutest dog, and a supply of dog food from Campbell Feed and Supply Company.

Best behaved dog award went to Roger Lukehart's entry. His prize was a pair of roller skates from the Buccaneer. Most unusual was the title won by Arnold Stroppa's dog. The award was a supply of dog food from Campbell Feed and Supply Company.

The fifth winner was little Lola Jean Williams, who won a book for being the youngest youngster to enter a pet.

Others who entered their pets in the show were Paul Wirthman, Gene Newell, Nancy Weeks, Delbert McCoy, Judy Cage, Janice Cobb, Larry Dastrup and Bob Ram.

Judges were James Santana, Bert Collins and Joe Anello.

R. S. and Roy Not Same Bryant

R. S. Bryant, general contractor and builder, who built Carlentini's Fruit and Vegetable Market is not the Roy Bryant, contractor, who has been placed on probation for failure to file full reports of collections for the State Unemployment Fund.

R. S. Bryant is Reavis S. Bryant and conducts his contracting business from Los Gatos, not from Campbell.

Juvenile Hot Rod Race Enthusiasts Incite Carlyn Avenue Citizens; Danger Stressed

Five gas-happy, breeze-brained young hot-rod enthusiasts who took over Carlyn Avenue last Tuesday afternoon, racing up and down the street without regard to life or limb of the residents and many children in the neighborhood, drew upon themselves the wrath of the citizenry which is preparing to band together against further violations of this sort.

According to the neighbors, the five, in three hot rod jobs, tore through the streets, sometimes three abreast, brazenly ignoring demands of several residents that they halt, and endangering the lives of children and adults as well.

Not until one man ran out and jumped upon the running board of one of the cars, did the youths halt their wild tearing. California Highway Patrolman Earl R. Watson was summoned by one of the residents. Watson arrived, but said he was unable to sign a complaint against the youths since he had not witnessed the violations, and suggested that one or more of the residents prefer legal charges.

Judge John D. Blaine said at press time that no charges had yet been filed with him, but it was expected that one of the residents would do so.

It was learned through reliable sources that a County Juvenile Court officer had called on the youths who were halted and had warned them against further racing violations.

Chamber of Commerce Secretary Forrest Reece, was asked by the Campbell Press for a statement on the request of one Carlyn avenue resident for aid in obtaining more adequate police protection for the Campbell area.

Reese pointed out that "the Chamber of Commerce is not a legislative or political organization but an organization of businessmen seeking to do what is in their power for the betterment of the community. The chamber has no political powers," he said, "and we can only do what we think is best for the community whenever it is within our scope to do so. We cannot bring political pressure to bear or make arrests."

HEARING HELD ON REZONING FORMER CANNERY LAND

No protests were received at the first hearing conducted by the County Planning Commission on Wednesday on petition of the Campbell Building and Investment Company and E. C. Merrill to reclassify property on the west side of Dillon Avenue, approximately 143 feet southerly of Campbell Avenue. The company seeks rezoning of the property from an R-1 zone to an M-1 zone.

Second and final hearing on the petition will be conducted Wednesday afternoon, August 17, by the commission. Property involved is the former Campbell Canning Company, purchased in mid-May from Joe Sunseri by the Campbell Building and Investment Corporation. According to corporation secretary George Robson, the concern plans to remodel the plant into retail store buildings.

ROY P. EMERSON TO BE GUEST OF LOCAL ROTARIANS

Roy P. Emerson, county tax collector, will be the guest speaker next Monday at the regular Campbell Rotary Club meeting.

Dr. A. B. Williams gave a talk last Monday before the Rotarians on the recent Rotary International convention held in New York.

Chairman of the day Jack Payne introduced the speaker who gave an informative talk on subjects discussed at the convention, and told how the vast number of visiting Rotarians were handled by the hotels and Rotary committees.

James A. Wright Joins Law Firm Miller & Morton

James A. Wright, attorney, has become associated with the law firm of Miller and Morton, and has joined the Campbell branch office of the firm which also has offices in San Jose.

Mr. Wright, a graduate of the University of Santa Clara, received his AB degree in 1943 and his LLB in January, 1949. He saw service in the Army from May, 1943 to August, 1946, as a major with the 411th Field Artillery group of the Ninth Army in Holland and Germany.

He and his wife, the former Janet McIntosh of San Jose, will make their home in Campbell.

Mr. Wright was a fullback on the University of Santa Clara Bronco squad in 1940 and 1941.

Cambrian Zoning Approved By Supervisors

Santa Clara County Supervisors seconded the County Planning Commission's approval of Schaeffer Lands, Inc., application for rezoning a 20-acre tract of land in Cambrian Park, when the Board of Supervisors finally put its stamp of approval on the application last Monday. the original rezoning approval given by the planning board was protested by Floyd Magee, subdivider of a large tract just west of the Schaeffer Lands tract which is on Camden and Union Avenues.

Although hearing of the issue was held last week by the supervisors, decision was postponed until Monday on request of Fifth District Supervisor Eearl Campbell in whose territory the land lies. Campbell suggested that the board visit the area in question to acquaint itself with the situation.

The supervisors approved the zoning which the Schaeffer corporation sought in order to go ahead with development plans, including a $375,000 super market and drive-in theater.

Curtis L. Zobrist Killed In Crash Of Army Vehicle

Curtis L. Zobrist, 26, son-inlaw of Mr. and Mrs. W. C. Bohnett of 141 W. Rincon Avenue, Campbell, was killed early Sunday morning on Winchester Road near Casey, when the car in which he was riding overturned. He was the husband of Mrs. Lois Zobrist (Bohnett), also of the Rincon Avenue address.

Zobrist, a soldier, who was stationed at the Monterey Presidio, was riding in an Army vehicle with S/Sgt. Robert B. Thorn, 26, and Eliot V. Austin, 30, both of whom received treatment at the Santa Clara County Hospital. Zobrist died at the hospital.

His companions told California Highway Patrolmen that their vehicle struck a soft shoulder on Winchester Road and overturned.

The body was taken to the Amos O. Williams Funeral Home in San Jose, whence it was forwarded to Zobrist's home town of Highland, Illinois, for funeral services and interment. Mrs. Zobrist accompanied the body of her husband to Illinois. Mrs. Paul Roberts, her sister, went with her.

Besides his wife, the soldier is survived by a daughter, Linda Elizabeth, and his parents, Mr. and Mrs. John Zobrist Sr., of Highland, Illinois.

Chamber Appoints Committees

Although there were not sufficient members presented for a full Campbell Chamber of Commerce meeting Wednesday night, the board of directors did hold a meeting during the evening.

Attorney Richard Morton reported on the police committee work on the merchant patrol problem, and said the application period would close today. On the basis of these applications, he said, the committee could select those who meet the qualifications established by the committee. He said it was his belief that these men should then be asked to appear before a joint meeting of all the Campbell merchants, and the successful applicant selected on the basis of recommendotions made after the joint interview session.

A Carlyn Avenue resident appeared before the board and requested aid of the chamber in obtaining adequate police protection for this area. The directors heard his report of dangerous hot rod racing on Carlyn Avenue this week, and then replied that it had done whatever it could in the past to obtain greater protection, but without great success. They suggested that he, as an individual, and others in the community, assume responsibility for such violations by juveniles of the community and make direct effort to halt the young lawbreakers.

Secretary Forrest Reese asked that this newspaper make clear to its readers that the Chamber of Commerce has nothing to do with the Carnival group now playing this weekend at the corner of Rincon and Winchester Roads. "We just arrived in town," he said. Reese added that while it is not required that such companies obtain permission from the chamber to play a run in the community, it would have been appreciated if the company had first contacted the Chamber of Commerce.

Nine Candidates Receive Degrees At Cupertino Grange's Session

The Cupertino Grange met Friday night for their semi-monthly session, with Master Dwight Sheffer presiding. Escorted to seats of honor were District Deputy Edwin Standish, of Almaden, and Master Terry Rowe of Mt. Hamilton Grange. Other visitors were Mrs. Edna Standish, and Mrs. Mildred Rowe.

Nine candidates were given the third and fourth degrees, by Brother Standish, including two from Mt. Hamilton. Those initiated into Cupertino Grange were Ed Jauch, William Heim, Ethel Heim, Earl Sorensen, Dorothy Sorensen, Vince Garrod and Jane Garrod, and into Mt. Hamilton Grange were J. R. Rowe and Lillian Rowe, father and mother of Terry.

STEWARD ELECTION

After the degrees were conferred, an election was held for the office of Steward, because of the resignation of Brother Ray Erickson, Fred Wood was elected and was immediately installed by Brother Standish.

For the county fair committee Brother Paul Bean requested all members who will have produce to display, to take it to the security warehouse, where it will be stored until needed. Anyone having fruits or vegetables but no time to deliver them, may have them picked up by calling Ballard 2282-R.

Terry Rowe gave a brief but interesting talk on the meeting of the Reber Plan Study Committee.

Brother Standish read a letter from State Master George Sehlmeyer, concering the move to organize the dairymen of the state, sponsored by the State Grange, and urged all dairymen in Santa Clara and neighboring counties to attend a meeting held in Gilroy Grange Hall, on July 20 at 8 p.m. to form a regional council of the group. This includes Grange and non-Grange dairymen.

During the lecturer's hour, Sister Bean gave an interesting reading.

After the meeting was closed, the members enjoyed cake and coffee, served by the refreshment committee composed of Dorothy Erickson, Burrell and Mae Malone and Paul and Amy Bean. By vote of the members it was decided to have a potluck dinner on the next meeting night at 6:30 p.m. the date, Friday, July 22.

BABY RECOVERING AFTER POISON DOSE

A small boy who swallowed ant poison Monday night was pronounced in good condition after receiving treatment at the Emergency Aid Station in San Jose.

The boy, Bruce Conrad, 27 mos., is the son of Mr. and Mrs. W. E. Conrad, 471 Wendell Drive, Campbell. He found the ant poison while visiting at 1485 McKendrie Street.

Plans Developing for Flower Show by Campbell Garden Club on August 31

Campbell Garden Club met Wednesday afternoon in the patio of the home of Mrs. Henry Binley, 57 S. Milton Avenue.

Program chairman Mrs. J. D. Perata introduced the guest speaker, Mr. O. S. Walsh, supervisor of vocational education in the San Jose City schools, who spoke on "Outdoor Living." Mr. Walsh spoke of birds and trees native to this region, and exhibited stuffed birds representing the birds which are found in the gardens of this particular area.

Mrs. William Bailey, a new member, was introduced, and a guest of the club, Mrs. Percy Lovejoy, was also presented.

Mrs. C. D. Wilson, garden consultant, distributed copies of a mixture formula for potted plants. Members heard a report from Mrs. A. F. Leal, flower show chairman, that elaborate plans for the show, to be given August 31 at the Lewis Ranch on Moorpark Avenue, are being developed by the committee.

On Thursday, July 28, at 2 p.m., all flower show committee chairmen will hold a special meeting in the patio of the What Not Shop.

The next regular meeting of the Campbell Garden Club will be a picnic for all members and a trek to the Capitola begonia gardens. Members will leave at 9:30 a.m., August 3, from the What Not Shop. Transportation will be furnished for all members.

Joline Howard Organ Soloist At Methodist Church

Miss Joline Howard, daughter of Mr. and Mrs. LBen Howard, will play an organ solo Sunday morning at the Methodist Church. The composition she has selected is, "Prayer," from the "Suite Gothique" by Boellman. Joline is playing the pipe organ each Sunday morning at the 9:45 service of the First Presbyterian Church in San Jose.

The minister, the Rev. Lawrence J. Osborne, will preach on the subject, "Help in Time of Need." Mrs. Virginia Rutherford will play the organ for the service of worship.

Orchard Grange Plans Rummage Sale July 29, 30

Orchard City Grange will hold a rummage sale Friday and Saturday, July 29 and 30, at the Campbell IOOF Hall. Hours will be from 8 a.m. to 5 p.m.

Mrs. Martin S. Walsh, chairman of the Home Economics committee of the grange which is sponsoring the sale said contributions may be left at the IOOF Hall on the sale days.

Peter J. Bogners Establish Home In Oakland

Mr. and Mrs. Peter James Ban (Betty Bogner) have established their home in Oakland following their marriage in St. Lucy's Church, Campbell. The Rev. Denis Kennelly officiated at the formal, double-ring ceremony, which united the Campbell man and his bride.

For her wedding dress, the bride wore a gown of white marquisette over satin, styled with train, and she carried a prayer book in which were white carnations and satin streamers.

Her matron of honor was Mrs. Edmond Mirassou. She was attired in blue crepe and carried a French bouquet of pink and blue summer flowers. Best man's duties were performed by Steven Ban for his brother.

Mr. Louis Bogner of Campbell gave his daughter in marriage.

During the nuptial mass, Helen Kalas sang "Ave Maria." Mrs. Ira Grim was the organist. Ushers were Ralph Bogner and Ed Stojanovich.

White Esther Reed daisies were used for the the church decor.

A wedding breakfast in the Red Coach Inn followed the ceremony, and a reception was held that afternoon at the home of Mr. and Mrs. Bogner on Pollard Road. The couple left afterward for their wedding trip to Lake Tahoe and the northwest.

The new Mrs. Ban is a graduate of Notre Dame High School, San Jose. Her husband, who attended Campbell schools, is the son of Mr. and Mrs. N. Ban of Campbell.

New Members To Be Welcomed At BPW Barbecue

Three new members will be inducted by the Campbell Business and Professional Women's Club at their regular meeting next Wednesday, July 27. The meeting will be a steak barbecue beginning at 6:45 p.m. at the home of Mrs. Jack Scorsur, New Jersey Avenue.

Mrs. Frank L. Steindorf, club president, announced that new members Hazel Ward, Ethel Burton and Lucy Barnes will be taken into the club. Two other members Thelma Solari and Mrs. Nona Clark, who have been in the club since January will be officially welcomed.

During the evening the club members will play games, and one of the officers will explain the club emblem.

Mrs. Mary Grey, chairman for the recent softball lighting fund carnival sponsored by the BPW, has announced that the group hopes to net about $1900, after the last few bills are paid. This net amount will include proceeds from the carnival, ticket sales and volunteer donations.

Ice Cream Social To Be Sponsored By MYF Saturday

An old-fashioned ice cream social will be sponsored this Saturday, July 23, at 6:30 p.m. by the Methodist Youth Fellowship. The ice cream social will be held on the lawn of the Methodist parish house.

Ice cream, cake and entertainment will be provided for 35c. The public is invited. Money earned will be used for the benefit of the Methodist Youth Fellowship camp fund.

Public Card Party Tomorrow Night

St. Lucy's Men's Club has postponed the public card party originally scheduled for tonight, until tomorrow night, Saturday, at 8 o'clock at the Campbell IOOF Hall.

Charles Kaffer, chairman of the card party tomorrow night, promises a good time for all. There will be refreshments and prizes. Proceds of the event will be contributed to St. Lucy's Church building fund.

The CAMPBELL Register

The Campbell residence of Mr. and Mrs. John Mehren on Ridgely Drive was the scene of a potluck supper given by a large group of friends in honor of the Rev. and Mrs. Laverne Kampfe. Rev. Kampfe, pastor of the Holy Redeemer Lutheran Church in San Jose, will leave August 1 for Minneapolis, Minnesota, where he will become pastor of Our Savior Lutheran Church.

* * *

A vacation jaunt to their former home community, LeGrand, Oregon, was enjoyed this month by **Mr. and Mrs. John P. Morley** and their son, **Don,** who returned Saturday night from the 10-day trip. The Morleys called on old friends in the Oregon town and went fishing. During their trip they visited points of interest along the Redwood Highway, the Oregon Caves, Crater Lake, and, on the return trip, Mount Lassen State Park.

* * *

During a 12-day trip to Washington, Oregon and Nebraska, **Mr. and Mrs. Orville Johns** and family traveled 4300 miles and passed through eight states. With the three Johns children, **Carolle, Jimmie and Lynda,** and Mrs. Johns's mother, **Mrs. Josephine Frew,** they drove up to Oregon and Washington, then down the Columbia River Highway and over to Nebraska, where Mrs. Frew returned to her home in Cozad, Nebraska. While there, little Carolle celebrated her sixth birthday, and a cousin, Sandra Spradling her second birthday, on the same day.

* * *

Nevin Davidson, former manager of the Campbell Theater and now manager of the Los Gatos Theater, has returned home after a serious illness. He has been in a San Jose hospital.

* * *

Attorney Martin Walsh was in San Francisco Wednesday on legal business.

* * *

Mr. and Mrs. W. C. Bohnett vacationed for two days at Lake Tahoe and Oroville, but cut short their vacation plans due to heat. They stopped to visit their son-in-law and daughter, Mr. and Mrs. Paul Roberts, in Stockton, then returned to Campbell to escape the heat. The cancellation enabled them to be home when their son-in-law, Curtis L. Zobrist, was killed Sunday morning in an accident on Winchester Road near Casey Road.

* * *

Mrs. Helen Baugh and her son, **Gordon,** of Cannon Beach, Oregon, visited here briefly last Friday with Mrs. Baugh's mother-in-law, **Mrs. Hattie Baugh,** on their way south to Los Angeles.

* * *

A houseguest at the **Frank Blair** home, San Jose-Los Gatos road, is Mrs. Blair's mother, **Mrs. F. S. Smith** of Los Angeles, who will be vacationing here for about a month.

* * *

After attending a family reunion at Faribault, Minnesota, **Mr. and Mrs. Fred F. Fellman** and daughter, **Arlene,** have returned to their home in Campbell. More than 100 members of Mrs. Fellman's family came from all parts of the United States and Canada to attend the reunion. During their six-weeks' trip the Fellmans also visited Mrs. Fellman's sister, Mrs. Fred Sievers, at Faribault, her sister-in-law, Mrs. Margaret Peter, in St. Paul, her brother, Alvin Peter and family, in Seattle, Washington, and Mr. Fellman's cousin, G. L. Barberree and family in Rochester, Minnesota. They toured 12 states during the vacation jaunt and also visited Yellowstone Park and the Black Hills region of South Daktoa.

* * *

Three children of Mr. and Mrs. Joe Mantia, No. Second Street, Campbell, have been here from Portland Oregon, for the past two weeks. The three, all grown, left this morning to return to Portland. They are Tony, Helen and Jenny. The latter is married.

* * *

Mr. Ray Fish, who operates the What Not Shop with Mrs. Fish, is reported to be recovering from the recent illness which forced Mr. and Mrs. Fish to curtail their holiday trip to Mexico.

* * *

Mrs. Clayton Willis has moved from Campbell Avenue to a new home in Redwood City.

* * *

Although no word has been received from **Mr. and Mrs. Paul Becker,** former Campbell residents who moved to Guatemala City three years ago, Mrs. Becker's aunt, **Miss Edyth O'Gara** of San Jose, said today she believes there is no great cause for alarm. Guatemala City is the scene this week of a revolt in the government, but Miss O'Gara said reports of such revolutions in this country's newspapers tend to exaggerate conditions. A letter was received a week ago from Mrs. Becker in which there was no mention of a possible uprising. Mr. and Mrs. Becker operate the Pan-American Hotel there and have experienced several such revolts in the Central American country during their residence. Miss O'Gara said it is general practice among Americans residing in the city to keep a stock of food on hand in event of revolutions.

When the uprisings occur, the Americans barricade themselves in their homes or hotels. So long as they do not participate in the local disturbances they are comparatively safe; however, when they take up arms they automatically become participants and liable to possible injury. Mr. and Mrs. Becker used to make their home at the What Not Shop.

Coming Events

FRIDAY, JULY 22
NETOPS COUNCIL, DEGREE OF POCAHONTAS — 8 p.m., at Campbell IOOF Hall, installation of officers.

SATURDAY, JULY 23
METHODIST YOUTH FELLOWSHIP — 6:30 p.m., old-fashioned ice cream social on the lawn of the Methodist parish house. The public is invited.

SATURDAY, JULY 23
ST. LUCY'S MEN'S CLUB — 8 p.m., public whist party at the Campbell IOOF Hall; Charles Kaffer, chairman. (Postponed from Friday, July 22.)

TUESDAY, JULY 26
CAMPBELL KIWANIS CLUB—12 noon, at Campbell Country Woman's Club. Bill Regan, San Jose News photographer, will be the speaker. Eugene Barnes, co-publisher of the Campbell Press, will be the meeting chairman.

TUESDAY, JULY 26
ST. LUCY'S MEN'S CLUB — 8 p.m., at the parish hall; special meeting to appoint committees and discuss plans for the St. Lucy's Carnival to be held August 27, 28.

WEDNESDAY, JULY 27
BUSINESS AND PROFESSIONAL WOMEN'S CLUB—6:45 p.m., steak barbecue, at the New Jersey Avenue home of Mrs. Jack Scorsur. New members will be taken in at that time.

WEDNESDAY, JULY 27
CAMPBELL BUSINESS AND PROFESSIONAL WOMEN'S CLUB—6:30 p.m., at the home of Mrs. Mary Scorsur, New Jersey Avenue.

WEDNESDAY, JULY 27
AMERICAN LEGION POST 596 regular meeting.
—8 p.m., Campbell IOOF Hall,

THURSDAY, JULY 28
SEQUOIA SEWING CIRCLE—8 p.m., home of Florence Wisler, Harrison Avenue.

THURSDAY, JULY 28
CAMPBELL GARDEN CLUB—2 p.m., meeting of all flower show committee chairmen in the What Not Shop patio.

FRI., SAT., JULY 29, 30

BEE KEEPERS
There are now more than one million bee keepers in America.

Mr. and Mrs. Herbert B. Mason Jr. Are Now At Home In Los Gatos

Following their wedding trip to Yosemite Park and Nevada, Mr. and Mrs. Herbert B. Mason Jr., (Thelma Bernell Ellison) have established their home in Los Gatos. Their wedding was an event of June 25 at the Campbell Methodist Church where the Rev. Lawrence Osborne read the marriage service.

The bride, who was given in marriage by her father, John P. Flatken of Campbell, selected traditional white satin for her wedding gown. The dress was styled with wrist-length, fitted sleeves, fitted bodice and full skirt ending in a train. Her fingertip veil was held by a crown of beaded pearls. Red roses and stephanotis made up the bride's bouquet.

Miss Mirna Lee Ellison was her sister's maid of honor and wore a nile green frock and fitted cap of matching green. Her bouquet was of pink Esther Reed daisies.

Owen B. Mason served as his brother's best man. Ushers were Harold Fairchild and Robert Viles.

White summer flowers and greeenery decorated the church and the altar.

At the wedding reception which followed in the parish hall, Mrs. John P. Flatken, mother of the bride, wore a grey print dress accented by white accessories and a corsage of sweetheart roses and bouvardia. Mrs. Herbert B. Mason Sr., mother of the bridegroom, was attired in a navy blue print with which she wore navy blue accessories. Her corsage, too, was of sweetheart roses and bouvardia.

A lace cloth covered the bride's table, and the three-tiered cake was surrounded by arrangements of white flowers. Crystal candlesticks stood on either side of the cake.

After the reception, the new Mr. and Mrs. Herbert S. Mason Jr., left on their wedding trip to Strawberry Lake, Yosemite Park, and Fallon, Nevada.

Mrs. Mason is a graduate of Campbell schools and her husband attended schools in Los Gatos.

Men's Club of St. Lucy's Slates Carnival Meet

St. Lucy's Men's Club met on Tuesday night to discuss plans for the St. Lucy's Church carnival to be held August 27 and 28 at the church grounds, corner of Third and Rincon Avenue. The carnival will benefit the church building fund.

Plans were made to erect and operate eight refreshment and amusement booths at the affair. A special meeting of the club has been called for Tuesday, July 26, at 8 p.m. in the parish hall. Committees will be appointed at that time, and there will be further discussion of the carnival plans.

All men of the parish are requested to attend the meeting and participate in the planning for this important event.

Ada Rebekahs Plan Food And Rummage Sales

Reba Chappell, noble grand of Ada Rebekah Lodge, presided over her first meeting Tuesday evening, at the Campbell IOOF Hall.

The members discussed plans for a food sale to be held Saturday, July 31 at Decker's Market on Campbell Avenue. All food contributions for the sale must be at the market by 9 a.m. Anyone wishing to donate food and who has no way to deliver it to the market is asked to phone Campbell 4000. Noble Grand Reba Chappell will be chairman of the food sale.

Also discussed during the meeting were plans for a rummage sale to be held by the lodge on September 30 and October 1 in the Campbell IOOF Hall.

Next meeting of the organization, on August 2, will be friendship night. The program will be planned by the Good Fellowship committee, with Madge Wyse as chairman.

Henrietta Marcotte, District Deputy President of District No. Three, will be a guest that evening.

Alma DuBois was chairman of the Tuesday evening affair. Members had picnic refreshments in the dining room.

The Washington MERRY-GO-ROUND

By DREW PEARSON

Two Big Questions

BEFORE Secretary of State Acheson left for Paris, he stopped by Capitol Hill for some last-minute parting advice, which will shed light on some of the policies the United States will follow at the big four conference.

Two big questions came up during the hour-long, closed-door conference;

1. How far should we go in conciliating Russia?
2. Where should we draw the line on German recovery?

Senator Vandenberg of Michigan cautioned the secretary of state against taking too stern a stand with the Russians. He agreed we mustn't give ground or show signs of appeasement, but at the same time he urged keeping an open mind to any honest peace overtures. His attitude was that we shouldn't "burn the last bridge."

Senator Thomas of Utah was blunt and to the point about rebuilding Germany. "Is there any feeling anywhere." he asked, "that we should rearm Germany as a buffer against Russia?"

Acheson assured not, but Thomas kept hammering this point home. He warned that Germany, when she gets her strength back, might side with Russia; that Germany has closer ties to the East than the West; that the Germans even started rebuilding their army and navy across the Russian border after World War I. Thousands of Germans actually worked inside Russia until Hitler bit the hand that was helping him, Thomas recalled.

To Watch Germans

Senator Lodge of Massachusetts argued that we should strengthen Germany's economy without building up her warmaking capacity. To prevent a resurrection of German military power, he demanded that Acheson insist upon a close watch on Germany's forces and factories.

The secretary promised this would be done. He added that Russia would have nothing to say about the Ruhr, since she got nothing from the Ruhr in peacetime.

"What do you mean by Russia?" Senator Thomas broke in. "If you mean the satellite states, then Russia has all the interest in the world in the Ruhr."

Central European countries, now behind the iron curtain, he added, always did a big business with the Ruhr, which would give Russia a voice in deciding the fate of the Ruhr.

Acheson and Vandenberg also engaged in a brief dispute over whether the right-of-way to Berlin definitely had been spelled out in the Potsdam agreement. Vandenberg argued that it hadn't been put in "contractual form," and urged the secretary of state to see that our right-of-way to Berlin was made clear at Paris.

FDR, Jr., "On Way"

No one fought the election of Franklin Roosevelt, Jr., harder than Vito Marcantonio, sole American Labor representative in congress. The bouncing, brilliant legislator from Manhattan stumped the 20th district, trying to defeat the namesake of the late FDR.

But after it was all over and the votes showed young Roosevelt to be the overwhelming victor, Congressman Marcantonio met Congressman Chet Holifield of California on the floor of the House. Quote he: "You want to get aboard with Franklin Roosevelt. He's really going places."

Note—Young Roosevelt's victory in New York will be a big psychological boost to his elder brother in California where Jimmie plans to run for governor.

CIO Housecleaning

CIO President Philip Murray's attack on Communists and fellow travelers last week was even tougher than appeared in the papers.

It was so devastating that the Communist party-liners were thrown into complete confusion and, at one point, Ben Gold, president of the left-wing Fur Workers union, became so disgusted with his fellow leftists he went out for a round of drinks. Returning, Gold stood up and denounced Harry Bridges, shouting:

"I know the party line just as well as you do."

RFC Probe

Arkansas' hard-working Sen. William Fulbright, chairman of a banking and currency subcommittee, will make a sweeping probe of certain officials of the reconstruction finance corporation who were given plush jobs with business firms shortly after these firms got loans from the RFC.

Fulbright is interested chiefly in John Hagerty, former head of the Boston RFC office, who got a $30,000-a-year job with the Waltham watch company.

ANOTHER ROAD BLOCK

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

ARTHUR D. KIMBER, of Grand Rapids, Mich., tells me a story that is, as he says, applicable to practically anyone driving a car with the best of intentions to obey the law.

He was driving home to lunch one day and says he had no idea that his car had picked up the speed it obviously had picked up. He glanced up into his mirror and saw a late model Ford in the rear that was rapidly gaining on him, and, he felt, with purpose and intent. He slowed down, but it was too late. The siren was sounding and in a flick of the eyelash a police car was beside him. There was just one thing to do: "pull over to the side of the road." The officer parked his squad car and came over.

D. Carnegie

As he rolled down his window the officer said, "Going pretty fast, weren't you, Boy?"

Mr. Kimber says he has always aimed at being a conscientious driver, and that he respects those officers for he knows full well that if it were not for their alertness no one could drive without risking his own neck. He wanted to say this to the officer, but who wouldn't look for just such an "out." And what officer would regard it?

So he let the officer "read him down," which he did in an unusually gentle manner. He pointed out how traveling at such a rate of speed could easily mean crashing another vehicle, hit a tree, or run into some children playing on the sidewalk. He called attention to how this latter could easily have happened in that particular neighborhood.

Mr. Kimber said nothing until the officer had finished, paying respect by his manner, then he replied, "Officer, you are entirely right. I could have caused a bad accident, and I honestly want to thank you for stopping me before something terrible happened."

How did that officer react? Well, there was no doubt that he believed in the sincerity of Mr. Kimber's remarks. He reached for his pad, however, but instead of writing down the usual fine in such cases, $25, he wrote $10. Mr. Kimber says he never paid out $10 more willingly, knowing what an accident could have meant.

Yes, and it's too bad all drivers can't look at an officer and his duty from the same point of view.

Western Gravel Loses Turlock Meet 1 to 0

For the first time in five years the Turlock All-Stars defeated the Western Gravel team when they took a 1-0 victory from the locals Saturday night at Turlock.

Pitcher Bud Bosque of the Western Gravel team gave up three hits in the first three innings, and struck out six, three of these in one inning.

Eddie Taylor was the opening pitcher for Turlock, pitching the first five innings. He allowed two hits, a double by Joe Stasi and a single by Merv Bertholf. Taylor struck out five batters and hit one. Price pitched the last two innings, striking out three and permitting no hits.

Let's Browse IN THE CAMPBELL LIBRARY

True tales of courage in the face of inevitable physical suffering are told in two of the new books at the Campbell branch of the county library. Mrs. Elizabeth Singletary, county librarian, has reviewed these and two novels in the following paragraphs.

Gunther, John
Death Be Not Proud. 1949.

"Death Be Not Proud" is a memorial to Johnny Gunther who died at the age of sixteen of a brain tumor. It is a testimony of courage, fortitude and unselfishness; of triumph over suffering, of gallantry in the face of death. This is a difficult book to read because it is painful, the whole sad drama of Johnny's death set down by the vivid pen of an acute and trained observer, who was also his father.

What the parents went through in the fifteen months of their son's illness one can scarcely begin to think, but the boy's indomitable courage is, in the end, uplifting. Over and above the unforgettable picture of the suffering of these three, the reader takes away an enlarged sense of the stature of man, accompanied by the knowledge that "Death cannot kill what never dies."

Neither publisher nor author will derive any profit from the sale of this book, the proceeds being devoted to cancer research for children.

Kantor, MacKinlay.
The Good Family. 1949.

This novel is an affirmation of the author's belief in living, in facing life without caution or fear of the future. It is the story of Martha Barden, her husband whom she loved with all her heart, and of twin children who might never have been born, were it not for Martha's sound instincts. The story will take the reader back to bygone days—to Prohibition days. depression days, and more recent war days, to the joys and hardships of bringing up a family and the ultimate satisfactions. "The Good Family" is a story which will have its special meaning for every reader, but essentially it is a challenge, a call for courage.

Wilson, Carol Green.
Gump's Treasure Trade. 1949.

Gump's of San Francisco, a treasure house of art, is one of the most extraordinary establishments in America—frequented as much by tourists as by bona fide customers. This is the story of a fabulous trade in treasure. It is also the story of an extraordinary man. Although A. L. Gump was told at the age of eleven that he would eventually go blind, he never let his handicap discourage him. He developed an amazing ability to judge objects by their "feel," and astonished even the wily Chinese compradors with his capacity to discriminate between the true and false by touch alone.

Here are recorded the lavish-spending boom days, the terror of the earthquake, the Bohemia of the early 1900's, thrilling Chinese jade hunts. Here are strange stories of fabulous discoveries; an impressive parade of distinguished customers from John Drew to F.D.R. And, as background, the story of San Francisco itself — for Gump's became a mecca for lovers of art from all over the world.

A. L. Gump delighted in sharing his memories with Carol Green Wilson; and, before his death in 1947, she had received from him the nucleus of this story. Later she filled in the gaps with the assistance of his sisters, his sons and associates, and many others.

Standish, Robert.
Elephant Walk. 1949.

When Tom Carey built his gigantic teakwood bungalow in Ceylon across the track beaten by elephant herds, he was warned, "It is not wise, Master, to make enemies of the elephant people." Tom was not intimidated and Big Bungalow, the wonder of the countryside, was built on the location he had chosen.

During its construction, a small herd of elephants found men digging across their trail and an old bull charged, killing one of the workers. In the ensuing struggle, a baby elephant was wounded and captured, later escaping, but keeping forever the memory of his injuries. The story centers around Tom's son, George, who inherited Big Bungalow, the tea plantation surrounding it, and the hatred of the elephant people.

George brought a bride, Ruth, from England to Big Bungalow and left her to accustom herself as best she could to a life of isolation. How Ruth almost destroyed the honor of the house; and how the old major domo, Appunamy, fanatically devoted to the Careys, intrigued to salvage that honor; and how, at last, the elephant people revenged themselves, becomes an exciting and dramatic tale. The author himself has been in the tea business in Ceylon, and, also, has spent many years as a journalist in the Far East, which no doubt, explains the rare understanding he displays of Englishmen in the tropics.

REPRESENTATIVE RICHARD NIXON, Whittier — "There were fewer Communists in Russia when they overthrew the government there than there are today in the U.S."

Letter to the Editor

Dear Sirs:

Everybody reads the Campbell Press!

For days after my letter, anent a recreation centre for our oldsters, was printed I was constantly approached on the street, and deluged with phone calls—all with favorable comments and some offers of help.

Best of all, entirely unsolocited, the Masonic Lodge offered the free use of their building lot.

Our old boys, banded together, will be known to fame, in the future, as "Pioneer Club." They are ready—raring to go on with this project of theirs.

Who among you has some old lumber to donate to build benches and a nice long table?

There is no harm in dreaming—so we are hoping to put up a shed on the No. Third Street lot under the fruit trees. If we have then (and we will) a hard wind or a shower could not interfere with that chess game.

With that in mind — any old doors or windows would be acceptable.

The Pioneers are able to do their own work, and so much interest has been shown that I think we will have no trouble getting the necessary materials.

For the present, until the Pioneer Club is fully organized and ready to take over, phone all offers of donations to Clara Baldwin, Campbell 2359.

Do it right now.

CLARA BALDWIN.

Boulevard And Byway

Each year thousands upon thousands of tourists make their way along State Highways 41, 120 and 140 to visit Yosemite Valley. And it is little wonder, points out the National Automobile Club, that they do, for in few places on the surface of the earth has Mother Nature done so much to create an awe-inspiring and spectacular type of beauty.

Seven miles in length and averaging about one mile in width, the valley is surrounded by such world-famed granite peaks as Half Dome, El Capitan, Clouds Rest, and Cathedral Rocks, which soar into the sky and shut the floor of the valley off from the hills beyond. Over the great cliffs plunge graceful waterfalls that catch in their blown spray many a summer rainbow.

And all this cutting and carving of the earths' crust went on many millions of years ago. The great uplifts of the earth's surface that through the ages went to form the Sierra Nevada gave to the river that we now know as the Merced torrential speed, torrential velocity, and as it rushed its way down to the sea it cut its channel ever deeper and deeper until it had formed a sharp V-shaped canyon over 2000 feet in depth. The lesser streams, unable to cut so fast, were left high above the floor of the canyon and poured their waters down the great walls in cascades and little falls.

But the canyon wasn't to remain sharp and narrow. When the Ice Age came along mighty glaciers bore down upon the area and gouged their way through the hollow places. At the climax of the age, ice filled the canyon to the brink, rose seven-hundred feet above Glacier Point, reached within seven-hundred feet of the crown of Half Dome, and gradually widened the narrow canyon out into a large U-shaped trough, cutting back the sloping walls to transform the running cascades into leaping falls. The bottom of the valley, too was gouged out and when the ice had gone it left behind a lake that was five-and-a-half miles long, a lake that has long since been filled in by the dirt and debris carried down by the Merced River.

Today the valley, part of the larger Yosemite National Park, is administered by the Federal Government, and is a mecca for tourists from all parts of the globe.

Betty G. Maneely, Former Teacher, Dies After Illness

Mrs. Betty George Maneely, 41, died at her home, 767 Salerno Drive, Campbell, on July 17. Mrs. Maneely, who retired from a teaching position at Cambrian School six months ago, had been ill for several months. She was a native of Minnesota and had lived in this area for 13 years.

Funeral services were held on Wednesday at 3 p.m. from the Darling-Ficher Garden Chapel in San Jose, followed by interment in Oak Hill Memorial Park.

Mrs. Maneely is survived by her husband, Ted E. Maneely; children, Daniel and Colin Maneely of Campbell; mother Mrs. Etta Nye George of San Jose; sister Mrs. Roy C. Irons of St. Paul, Minnesota, and brothers Dudley A. George of San Francisco and Robert H. George of Glendale.

Stock Car Race Saturday Night At Speedway

The San Jose Speedway will add another first to its growing list on Saturday night, July 23, as it inaugurates Stock Car racing at the Tully Road speed plant.

Drivers will be the members of the newly-formed Northern California Stock Car Racing Association, of which midget-pilot Jerry Piper is president.

A full program of eight events will make up the stock races. The Speedway management claims that these will be the first regular stock racing programs with post-war cars in California.

The hot rods return to the Speedway this Friday night led by Ed Huntington, "Mr. Torsion Spring Suspension" himself. Time trials are at 7—races at 8:15.

Last weekend, the amazing Huntington posted the best qualifying time and won the trophy dash at all three of the San Jose, Stockton and Salinas tracks. In addition, he won the main event at Salinas and was barely nipped at the wire by Joe Valente in the San Jose main event.

Another new feature will make its appearance at the hot rod races Friday night: "Speedway Sweepstakes." With ticket stubs received at the gate, spectators will have an opportunity of winning many free groceries, merchandise and cash awards during the races.

MARIO SAIA LEASES CAMBRIAN MEAT COUNTER

Mario J. Saia has leased the meat, fish and poultry department at the Cambrian Market, owner Frank Coombs announced this week.

Mr. Saia, who comes from Hanover, New Hampshire, where he had 23 years of experience in the market business, has purchased a home at 550 Cambrian Drive. He and his family expect to become permanent residents of the community, and Mr. and Mrs. Saia's two children will enter Campbell High School this fall.

The children are Gloria, 14, and Robert 15, and will enter the sophomore and junior classes, respectively. Gloria was a Girl Scout in New Hampshire, and is an accomplished ice skater. Last winter she won the girls' ice skating championship for her home county in New England. Robert, who is a Boy Scout, was a member of the high school ski team there.

Mr. Saia said he plans to feature the best in meats, fish and poultry at his market, and invited shoppers of the Cambrian district to make their preferences in these lines known to him.

CRAFT SHOP TO TEACH WEAVING, DRESDEN CRAFT

Winifred's Craft Shop, featuring a new form of ceramics, Dresden Craft, will open July 30 at Cambrian Corners in the Cambrian Appliance store building.

Mrs. Winifred Tonkin, who has the Towle hand weaving loom agency for the entire Santa Clara Valley, will operate the business which will offer instruction on hand weaving looms in the shop, will carry some weaving supplies, teach Dresden craft, do lamp shade remodeling and custom made lamp shade work. There will be hand woven articles for sale.

Dresden Craft the new form of ceramics, requires no firing or glazing. The figures, already made up, are sold to the purchaser who applies the special paints, lace or flowers for reproductions of Royal Dalton or Dresden type figures. There will also be reproductions of many of the new ceramics figures.

Classes in weaving and Dresden Craft will be offered as follows: Dresden ceramics, 9:30 to 11:30 a.m., Mondays and Wednesdays; 1 to 3 p.m., Tuesday and Thursday, and 7 to 9 p.m. Monday and Wednesday for the working girls. Weaving classes will be arranged by sign up.

Mrs. Tonkin, a native of San Jose, has been producing the Winifred Hand Woven Fabrics for three years, and her work has been placed with Gump's and Sloan's in San Francisco, Nancy Bray in Palo Alto, Frederick Fray in Burlingame and Winifred Grey Wise in Oakland. The three latter businesses are interior decorator shops.

Also active in community organizations, Mrs. Tonkin is a past president of the Cambrian Home and School Club. She attended San Jose schools and San Jose State College. Mr. and Mrs. Tonkin and their two children live at Cambrian Corners.

TB Association Panel Gets Report On X-Ray Units

Members of the X-Ray reading panel of the Santa Clara County Tuberculosis Association met last Friday at association headquarters 211 Ballach, Insurance Center Building in San Jose. Dr. Buford H. Wardrip, chairman, presided. Following doctors are members of the panel: Palo Alto, Doctors Dorothy Starks, Robert Powers, Clyde Boice, Stanford Kroopf, and Sydney Tomas; San Jose, Doctors William Graham, John von Saltza Ford Shepherd, C. Gerald Scarborough, Charles L. Ianne, Lemuel P. Borden.

Panel meets regularly the third Friday of every month for the purpose of discussing policies and techniques of film interpretation, as well as to review special films. Mrs. Geraldine Terrell, X-Ray technician in charge of the associations' two X-ray units, reported that 13,589 persons have been X-rayed on the mobile unit since January of this year. In addition all admissions to the County hospital and out-patient clinics are X-rayed on the association's second unit.

The Unit makes regular rounds of the entire county area. Schedule for the rest of the month follows: Every Monday in San Jose next to the Civic Auditorium 10 a.m. through 4 p.m. The first Tuesday of August the unit will be in Gilroy at the Fire House, and on Tuesday August 9, in Palo Alto at the City Hall. During the July and August vacation period, the unit will operate on a limited schedule.

OUR DEMOCRACY — by Mat

FREEDOM TO GROW

NOWHERE IN THE WORLD IS THE POTENTIAL FOR INDIVIDUAL ACHIEVEMENT AND GROWTH IN THE PROFESSIONS AND SERVICE CAREERS GREATER THAN IN AMERICA.

THIS CAPACITY FOR GROWTH STEMS FROM OUR FREEDOM TO CHOOSE THE WORK THAT INTERESTS US MOST~ THE OPPORTUNITY TO GO SO FAR IN THIS WORK AS OUR INITIATIVE AND EFFORTS CARRY US ~ AND THE INCENTIVE THIS GIVES FOR CONTINUED STUDY TO KEEP ABREAST OF NEW TECHNIQUES AND PROCEDURES.

THE MEN AND WOMEN WHO DEDICATE THEMSELVES TO THE SERVICE OF THEIR FELLOW MEN ARE WELL REWARDED IN SUCCESS AND SATISFACTION IN OUR DEMOCRACY.

Elsman Fined On Hit-Run Charge

Ralph Elsman Jr., 25, of 252 Old Orchard Road, Campbell, was fined $100 by Justice of the Peace Grandin H. Miller Thursday, after Elsman pleaded guilty to a misdemeanor hit-run driving charge.

The Campbell man was charged with leaving the scene of a minor property damage accident on Campbell Avenue last May 15. His car reportedly collided with that driven by Henry Truman Jones. Elsman was arrested at his home shortly after the crash by California Highway Patrolmen.

Summer League Games Sunday

San Tomas Merchants lost 7 to 13 to the CIO No. 6 team in their game at San Tomas Sunday. San Tomas Bees took Campbell Merchants 12 to 6 in the Valley Summer Baseball League play.

Slated for this Sunday at 2 p.m., are games between San Tomas Merchants and Morgan Hill Marshalls at San Tomas; San Tomas Bees versus Lusardis at Backesto Park, and Campbell Merchants versus CIO No. 6 at Campbell.

Dried Fruit Models In County Exhibit

Santa Clara county's exhibit in the Agriculture Building at the California State Fair, Sept. 1 thru Sept. 11, will feature large models, constructed from dried fruit of the Santa Clara Mission and the first State Capitol.

Under the direction of Kenneth Stephens, of the San Jose Chamber of Commerce, work is proceeding on the exhibit which will be one of the more than 40 to be entered by California counties this year.

Located on the main floor of the huge Agriculture Building in the south end, the display will feature walnuts, almonds, peaches, shipping plums, apples, avocadoes and vegetables.

BARBER SHOP TO OPEN SOON ON WINCHESTER

Earl Canright of Willow Glen will open a new barber shop at 6 Winchester Road, Campbell, near the Campbell Avenue intersection, on or about August 1. The building, erected by Carl Bohnett, adjoins the Five Spot.

Mr. Canright, who is now employed at the Willow Glen Barber Shop, has chosen the name Earl's prise. He will specialize in hair cutting for men and boys.

Tank Job Requires 50 Gallons of Paint

Fifty gallons of paint will be used in redecorating the 500,000 gallon water tank of the Campbell Water Company on First Street near the Campebll Press office.

Campbell Contractor Ben Strong is handling the job which is expected to consume two and a half weeks in the process. Three coats of paint will be applied and the final color will be aluminum. The exterior of the above ground tank has already been sandblasted and one coat of paint has been applied.

Local Teams Head Graham Openers

Western Gravel opened the second half of its Graham League play Wednesday night by blanking the Fruitbowl team 4-0.

Pitcher Bud Bosque struck out 15, and Chesty Miller sent in a two-run homer for the Gravel team.

Mac's Market was edged out 2-1 in its meet with Pest Control, but the market men took the game to eight innings before their opponents could do the job, the Mac's boys won anyway by a forfeit.

High School Costs Show Increases For Past Year

High school costs per pupil in Santa Clara county public schools showed major increases in 1947-48 over those for 1946-47, California Taxpayers' association reported today.

Comparison of average daily attendance, per pupil expenditures for teachers' salaries, and total current expenditures per pupil in the larger high school districts in the county for 1946-47 and 1947-48 is as follows:

Average Daily Attendance

	1946-47	1947-48
Campbell	758	896
Fremont	649	711
Gilroy	400	387
Live Oak	276	313
Los Gatos	598	675
Mountain View	655	689
Palo Alto	1779	1878
San Jose	5802	5958
Santa Clara	694	736

Teachers' Salaries Per pupil

	1946-47	1947-48
Campbell	$121.62	$132.79
Fremont	147.84	169.43
Gilroy	141.21	191.71
Live Oak	167.28	178.84
Los Gatos	147.22	143.49
Mountain View	143.08	162.99
Palo Alto	155.85	177.54
San Jose	187.52	221.93
Santa Clara	144.09	177.16

Total Current Cost per pupil

	1946-47	1947-48
Campbell	$191.04	$211.38
Fremont	256.25	296.05
Gilroy	259.41	338.64
Live Oak	263.12	273.72
Los Gatos	227.53	235.14
Mountain View	259.54	290.33
Palo Alto	235.64	278.11
San Jose	262.03	308.57
Santa Clara	243.47	281.94

Both state support of public schools and property tax levies for 1947-48 were higher than for 1946-47, the Taxpayers organization said. State support for high schools for 1947-48 was on the basis of $120 per pupil, whereas for 1946-47 it was $90. Property taxes for all public schools in the state for 1947-48 reached $202,603,395, compared with $167,940,897 for 1946-47. Data for 1947-48 are the latest available statewide.

"School spending since the war has skyrocketed," the association said.

"Increased salaries and other expenditures show up plainly in the expenditures per pupil for the individual school districts.

"School budgets for 1949-50 should show an end to rising school spending on a per pupil basis."

Parties can be given not only for old friends but to make new ones.

Art Exhibit At Pescadero School

Second annual exhibition of the work of students of the Pescadero Summer School of Art will be held in the Union High School Auditorium at Pescadero on Sunday, July 31. Tea will be served from two to five and the public is invited to attend the showing of the students' work.

This is the second year for the school. It has a faculty of distinguished artists and plans to bring to the coast each year outstanding artists and teachers. It is incorporated under the California state law as a non-profit school.

The advisory board consists of the Honorable Earl S. Warren, Governor of California; Leo G. Cheim, Lumberman, San Jose; James Humphrey, Cascade Ranch, Pescadero; Dr. James C. DeVoss, Dean of Professional Education of San Jose State College; Dr. J. A. Saffir, Forest Hills, New York; Dr. Merlin T. Maynard, Los Gatos; David MacKaye, Head of Adult Education Division, San Jose; Rene Weaver, Art Director for J. Walter Thompson Advertising Agency, San Francisco; Mrs. Florence G. Rogers, former newspaper woman, Los Angeles; Mrs. P. C. Powell, Woodland; Dr. and Mrs. Reitzel, of San Jose. Dr. Reitzel is head of the Art Department of San Jose State College and Director of the Pescadero Summer School of Art. Mrs. Reitzel serves as Registrar.

Everyone interested in art or cultural projects is invited to attend the tea on July 31. The school is an unusual and interesting movement in the development of art. It is the only one of its kind in California. Pescadero is eighteen miles south of Half Moon Bay on Route 1, Ocean highway.

Final Rites Held For Matt Tusup

Matt Tusup, 74, a native of Jugoslavia, passed away Saturday, July 16, at the Santa Clara County Hospital after an illness of a week. Death was due to pneumonia.

The funeral services were conducted Wednesday at 2 p.m. from the chapel of Monahan, O'Brien and Moriarty, followed by interment at the Serbian Cemetery in Colma.

Mr. Tusup was a member of Wallace, Idaho, Lodge 33, IOOF. He is survived by his wife, Gose Tusup of Campbell; children Mark T. Tusup and Mrs. Olga Duncan of Campbell and Mrs. Ann Rohmer of San Francisco; brother, Mirke Tusup of Jugoslavia; sister, Mary Vujacich of Jugoslavia, and grandchild, Eddie Ray Duncan of Campbell.

Mr. Tusup, who had been an invalid for a number of years, made his home with his wife and son Mark at 68 S. Winchester Road.

Silver will not tarnish if kept buried in flour in a closed box.

WE SALUTE . . .
Our Library!
You don't think of it often, or perhaps not at all. But we would remind you, in all sincerity, that you pass the world's accumulated knowledge most every single day! You say, "I don't know the answer" to some school or home question. Has it occurred to you that the answer probably lies in a free book in our friendly and well-stocked Library? Maybe you want to improve yourself so you can qualify for a better job. Why don't you give our Library a chance to impart the knowledge you need? We salute the fine, quietly-efficient men and women who work in our Library. Make them your friends and get the most from their books!

ASSEMBLIES OF GOD—IOOF hall. Rev. Herbert L. Johnson, pastor. Sunday school, 9:45 a.m. Worship at 11. Evangelistic, 7:30 p.m.

CHRISTIAN SCIENCE LESSON-SERMON

"Truth" is the subject of the Christian Science Lesson-Sermon for Sunday, July 24, with the Golden Text taken from Psalms: "Teach me thy way, O Lord; I will walk in thy truth" (86:11).

The following citations are among those comprising the sermon:

The Bible: "And, behold, certain of the scribes said within themselves, This man blasphemeth, And Jesus knowing their thoughts said, Wherefore think ye evil in your hearts? But that ye may know that the Son of man hath power on earth to forgive sins, (then saieth he to the sick of the palsy,) Arise, take up thy bed, and go unto thine house. And he arose, and departed to his house" (Matthew 9:3, 4, 6, 7).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue" (p. 142).

ELEKTRO, THE MECHANICAL MAN, RESURRECTED

ELEKTRO, the mechanical man who first thrilled visitors to the New York World's Fair 10 years ago, shook his aluminum head in amazement today at his re-found ability to smoke cigarettes, count up to 10 on his fingers and even recite a speech.

These "human" accomplishments, demonstrated after two-weeks special schooling and tooling by Westinghouse Electric corporation engineers, won the seven-foot tall mechanical giant and his foot-high robot dog, Sparko, their first job in eight years.

The 260-pound automaton along with Sparko—who begs, barks and wags his tail — have gone on the stage. They began their new acting careers by putting on several performances a day at the Westinghouse exhibit in the Joseph Horne company's Pittsburgh Exposition of Industrial Leadership, which opened recently.

Now 11 Years Old

Brought back to "life" after a war-time retirement of eight years, Elektro, the one-time child actor, now is 11 years old. While he is not quite as smart as the average 11-year-old, he has a vocabulary of 77 words, never gets tired or hungry, and speaks only when spoken to.

Large for his age, he stands seven feet tall in his aluminum feet and has an 82-inch chest expansion. His chest always is expanded because, like the rest of his body, it is made of aluminum over a steel frame.

This mighty automaton will never need a psychiatrist because his brain consists of 82 electrical relays. These relays operate his nervous system of motors, levers, gears and chains to make him walk, talk, count numbers, smoke, distinguish colors and salute.

Has 26 Tricks

Elektro can perform 26 motions in all, but he is a dullard by comparison with any man. There are 292 muscles in the human body, capable of producing thousands of different movements beyond the 500 most rudimentary motions. On the basis of Elektro's 260 pounds and 26 motions, an automaton would have to weigh 5,000 pounds to perform the most elementary human movements.

Having received a post-graduate course in how to act human, Elektro, the Westinghouse mechanical man, receives his diploma from pretty Jeanne Adamitz. Even Sparko, the mechanical dog, seems to be graduating.

His 60-pound brain includes an "electric eye," 82 electric relays, and signal lights. In order to direct the 500 elementary human motions, his brain would have to contain 1,026 relays, weigh 1,000 pounds and occupy 108 cubic feet of space. All of which indicates that the robot never will completely replace the man.

Guided By Light Impulses

Talking to Elektro is like dialing an automatic telephone, using light impulses instead of numbers to cause the relays to act. A series of words properly spaced select the movement Elektro is to make. Two-word commands start the action. One-word commands stop it. Four words return all relays to their normal positions. It makes no difference what the words are as long as the proper number of electrical impulses are produced.

Two "electric eyes"—one with a green filter and one with a red filter—enable Elektro to identify red or green lights when they are flashed before his eyes. His walking is accomplished by a motor which drives the four rubber rollers under each foot.

Nine motors are required to operate the fingers, arms, head and turntables for his talking. Another small motor works the bellows for Elektro's smoking. Like some radio programs, Elektro's talking is produced by means of transcriptions.

RYLAND APRICOTS STILL NEEDED FOR STATE FAIR SHOW

A complete display of Santa Clara County agriculture products was assured as the committee in charge continued collecting fruit and vegetables for the county exhibit at the California State Fair.

With some fruit already in cold storage, San Jose Chamber of Commerce assistants, in charge of collecting the items and conducting the booth, last week issued a call for several types of fruits and nuts to make the exhibit more complete.

Kenneth L. Stephens, Lloyd Weber and Bill DuVal of the Chamber said apricots are now being collected adding that the only variety still not obtained are Rylands. Already in storage are outstanding examples of Blenheim, Moorparks, Tiltons, Hemskirks, Marvels, as well as Losse Early Mammoth Blenheim.

Also needed are outstanding examples of almonds of all varieties from last year's crop, avocadoes, and citrus, apples and peaches along with novelty fruits. Also added to this year's exhibit will be a complete array of vegetables.

All growers and gardeners with outstanding fruit or vegetables are asked to contact the San Jose Chamber of Commerce office. Examples selected will be placed in cold storage, transported to Sacramento and arranged in the booth.

County Employees Hold Picnic At Stevens Creek

Santa Clara County employees of the fifth supervisorial district held their annual barbecue Sunday at Camp Sycamore on Stevens Creek. More than 70 employes and their guests attended the affair and enjoyed the day's program. Roadmaster Don McGill and Bennie Garcia headed the committee. Lawrence Casaletta of Los Gatos was in charge of the barbecue.

Guests of honor were the Fifth District supervisor, Dr. Earl Campbell, and Mrs. Campbell, and Mr. William Marr of the County Surveyor's office. Mr. C. P. Cooley, retired former supervisor for the Fifth District, and Mrs. Cooley had been invited to attend, but they were unable to be present due to the illness of Mr. Cooley. Also unable to attend was Robert Chandler, the County Surveyor.

Among the Saratogans present were Mr. and Mrs. Clarence Bailey and Mr. and Mrs. Willis Rodoni.

The first vehicle to attain a speed of more than 100 miles an hour was a railroad locomotive.

MORELAND GROUP PLANS POTLUCK

The recreation department of Moreland School will have a potluck supper this Friday, July 22 at 6:30 p.m. in the Moreland cafeteria, Payne and Saratoga Avenues. There will be folk dancing and card playing following the supper.

Mr. and Mrs. C. H. Barr will be in charge of the evening. Those wishing to attend are asked to notify Mrs. Barr, phone Santa Clara 1213-R; Mrs. J. Peterson, Santa Clara 867-M, or Mrs. M. Harp, Campbell 4426. Those who attend should provide their own table service.

Read the Classified ads.

Joseph L. Gautier Held To Answer In Federal Court

Cupertino vintner Joseph L. Gautier, 47, has been held to answer in federal court on charge of illegally operating a still. He appeared before U. S. Commissioner Marshall S. Hall Thursday.

Gautier was arrested, testified Sheriff's Sgt. John Perussina and Kennth Blair, Alcohol Tax Unit Investigator, while he was operating a 50-gallon still on his Stevens Creek canyon ranch.

The officers said they confiscated the still, several gallons of brandy, and a quantity of wine mash.

R. G. Williamson At San Diego Base

Robert G. Williamson, airman apprentice, USN, son of Mr. and Mrs. U. L. Williamson of 156 Sunnyside Avenue, Campbell, is presently engaged in aerial gunnery and operational tactics while training with Navy Fighter Squadron 53, temporarily based at the Naval Air Station, San Diego, California.

Squadron 53 alternates flight operations from the aircraft carrier U.S.S. Valley Forge and the San Diego Naval Air Station.

Eight Juveniles Apprehended In Hospital Burglary

Eight youths, all of them residents of the Stevens Creek Road area, were apprehended by Santa Clara police this week following burglary of Hearthstone Hospital at 2020 Saratoga Avenue, Santa Clara, Sunday.

According to Police Chief John J. O'Neill, the boys' ages range from 14 to 16 years. The stolen articles have been returned. They included approximately $200 worth of personal jewelry, silverware and luggage stored in a shed at the rear of the hospital. Mrs. Mabel Hall and Dorothy Reeve reported the burglary.

The youths were released to custody of their parents pending action by Juvenile Officers with whom Police Chief O'Neill has conferred. He said one of the boys had a previous record of petty theft and burglary.

Hobby Books Listed In Post Office Lobbies

The following Government publications may be secured from the Superintendent of Documents, Government Printing Office, Washington 25, D. C., according to a poster on display at all post offices:

A Description of U. S. Postage Stamps, 1847-1947, 45c; You can Make it Series (3 volumes), 45c per set; Camp Stoves and Fire Places, 50c; Aunt Sammy's Radio Recipes, 30c; Woodworking and Furniture Repair, 50c; Make it of Leather, 15c; Wrist Watches, Pocket Watches, Stop Watches, and Clocks, 50c; Building with Logs, 15c; Photography (1947, 2 volumes), $1.50 per sen; and Unarmed Defense for the American Soldier (JUDO), 50c; You may also write for a more complete hobby list, free.

BETTER DOUGHNUTS

Campbell District School Costs $151.72 Per Pupil

Skyrocketing public school costs show plainly in the increases in expenditures per pupil in the larger elementary schools in Santa Clara county, when current costs for 1947-48 and 1946-47 are compared, California Taxpayers' association said today, making public its study of costs of the 317 larger elementary school districts in California.

Current spending per pupil in attendance for the Cupertino district went from $105.17 for 1946-47 to $141.03 for 1947-48; for Campbell $106.40 to $151.72.

Data for 1947-48 are the latest available, the association said. School appropriation and school tax levies for 1948-49 generally in California, were higher than for either 1947-48 or 1946-47.

The study by the Taxpayer's organization included all elementary school districts in California with more than 450 pupils in average daily attendance.

"The big increase in per pupil costs in California public schools for 1947-48 over those for 1946-47 directly reflects the 50 per cent increase in state support for elementary schools, voted by the people in November, 1946 and first effective for the 1947-48 school year. Under that increase, state support of elementary schools went from a fund of $80 per pupil to a fund of $120 per pupil.

"School budgets for 1949-50 are now being prepared, with public hearings to be held during the first week of August.

"If the upward trend of public school costs per pupil—and resultant high taxes—is to be halted, school spending should increase at no greater rate than the increase in school population," the Taxpayers' Association declared.

GOPHER CONTROL DEMONSTRATION

A satisfactory control of the pocket gopher is neither expensive nor laborious when infested areas are treated in accordance with the suggestions presented by the Agricultural Extension Service. These suggestions are explained in a paper entitled "Gopher Control by the Poison-Probe Method," which can be obtained without cost from the service, located in Room 201, Post Office Building, San Jose, telephone Columbia 3866.

Realizing that many people are not free to attend field demonstrations during weekdays, a field meeting has been scheduled for Saturday morning at which time the whole subject of gopher control will be explained. The problem of killing off the ever-present mole will also be discussed.

The demonstration will be held Saturday, July 30, at 10:00 a.m. at the residence of Dr. A. O. Wehinger, corner of Canyon Vista and Enchanta Vista Roads in the eastern foothills of San Jose near Alum Rock Park. Drive to top of Alum Rock Avenue to Canyon Vista turn left to Enchanta Vista to first house on right.

Everyone is cordially invited to attend.

FARM BUREAU VOTES SUPPORT FOR PRUNE PLAN

Active support of the proposed Federal Marketing Agreement for prunes was voted by the directors of the Santa Clara County Farm Bureau at their regular monthly meeting last Monday. R. A. McArthur, chairman of the prune program committee, explained that there had been only minor changes since the public hearings on the program and that a referendum could be expected sometime in the very near future. He pointed out that a surplus problem still exists and must be met with a program of orderly marketing. Following his talk it was unanimously voted to actively support the program and to make every effort to bring about a strong vote by all producers of prunes in this area.

A committee of prune growers from Santa Clara and adjoining counties met in the Farm Bureau offices on Thursday night to discuss ways and means to publicize the coming referendum and to induce all growers to vote on the agreement. Committeemen stressed the fact that much of the economic structure in the Santa Clara Valley is dependent upon the prune industry and that industry problems affect the businessman and worker almost as much as the farmer.

Campbell School Play Program Started Monday

The summer Recreation program of the Campbell Union Grammar School opened on Monday, July 18th. The kindergarten through fourth grade children will attend between 10 and 12 in the morning, and the upper grade children will go between 1 and 3 in the afternoon. Miss Anna Toaspern, Campbell school teacher, will direct the recreation program. Volunteer mothers to help with this program are urged to contact Miss Toaspern, either personally or by phoning Campbell 2938.

The Moorpark school program is well underway with Mrs. Grace Fairbanks as playground director, and approximately 50 mothers and fathers are helping out with the program. More than 150 children are participating.

San Tomas School is also underway in their program with Mr. Eric Shuart as playground director and with many volunteers and children participating.

These programs are a joint effort, both financially and in personnell, with the Campbell Union School District administering the program and the P.T.A. groups and Men's clubs participating.

Mrs. Hoffman's Father Passes In San Angelo, Texas

Mrs. Robert B. Hoffman of Sunnyside Avenue left by train Friday with her young son, Robert Jr., for San Angelo, Texas, after receiving news the day before of her father's death in that city. He was Mr. H. M. Wright, 64, who visited here a year and a half ago with Mrs. Wright.

Besides his daughter, Mrs. Hoffman, Mr. Wright is survived by his widow, by another daughter, Mrs. Charles Gill, San Angelo, Texas and five sons, all of whom are in the armed services: Calvin, James and Alvin, U. S. Army, Charles and Moser, U. S. Navy.

Mrs. Hoffman is expected to be away for about two weeks.

Western Gravel Still Unbeaten

Western Gravel Co. clashed on Thursday with Bidou's Bakery, the only other unbeaten team in the County Softball Tournament, at Backesto Park, downing the bakery team 2-0 before an overflow crowd. Pitcher Bud Bosque struck out 12, and the team advanced to the finals of the tournament which will be held Saturday, July 23 at the park.

Western Gravel took Chase Candy for a 17-5 victory the previous night to retain its unbeaten record for the season. On Tuesday night Pitcher Bosque led the team to a similar one-sided win over International Chemical, with the local team whipping the IC's 15 to 1.

Limerick Contest Draws Entries From 10,000

Miss Georgia Bradshaw, retired school teacher, 3009 Alum Rock Avenue, San Jose, has been awarded first prize in the Northern California Electrical Bureau's "Electrical Living Contest."

This contest was conducted in 4 counties of Northern California, and was entered by approximately 10,000 persons. The contest was conducted locally by electric appliance dealers through the cooperation of the Santa Clara County Gas and Electric Appliance Dealers Association.

Le Roy H. Bennett, manager of the bureau in San Francisco, made the presentation to Miss Bradshaw with three officials of the local unit looking on. They are Robert W. Jones, manager, Rob't Benson Co., president; Douglass S. Aiken, sales manager, Pacific Gas and Electric Co., and D. J. O'Brien, secretary.

SINGLE WOMEN

There are approximately 5,570,000 single women in the United States between the ages of 20 and 64.

Custodian Confab At High School

County Superintendent of Schools, O. S. Hubard, announces that a Janitorial-Custodian Training program will be conducted on July 21, 22, and 23. The program will be held in the Campbell Elementary School, Campbell, and Superintendent William C. Henley will serve as host to the visiting custodians and maintenance men.

The conference will be under the leadership of Mr. L. O. Thompson who is coordinator of janitor training and building maintenance for the schools of Los Angeles County. It will give major attention to such matters as floor treatment, toilet sanitation, scrub soaps and cleaners, sweeping, dusting, cleaning walls, care and treatment of blackboards, care of supplies and equipment, fire prevention, inspection and safety.

"Since school districts in Santa Clara County have invested millions of dollars in new buildings" says Superintendent Hubbard, "it is good business to protect this investment through proper care and maintenance. School boards are also interested in sanitation and the protection of the health of the thousands of boys and girls who are enrolled in the schools. To help school boards work toward the achievement of these goals is the purpose of the conference."

In urging school boards to send representatives of their janitorial and maintenance departments to the Campbell Training Program, Superintendent Hubbard pointed out that they have the authority to direct representatives of their staff to attend conferences and to pay for their actual and necessary traveling expenses.

Principals, Superintendents, and Board members are invited to attend.

The training program will open at 9 a.m. and close at 4 p.m. An hour and a half will be taken out for lunch.

Library Branch Adds Stock Of 20 New Books

New books received at the Campbell branch of the Santa Clara County Library are listed below:

Brannan Farm Program To Be Discussed

Santa Clara Valley residents will soon be given the opportunity to hear qualified speakers discuss all phases of the controversial Brannan Farm Program. Farm Bureau President Frank J. Polak announced that the directors of his organization have voted to sponsor a public meeting at which arguments for and against the plan will be heard. Definite announcement of the time, place and the speakers will be made as soon as arrangements have been completed.

It is our feeling that there is more public interest in the Secretary of Agriculture's proposals than there has been in any piece of farm legislation since the turbulent days of theear ly 30's," Polak said. "Effects of this program would be so far-reaching that it is a matter of interest to every producer, consumer or taxpayer; yet, very few people really know what it is all about. A simple but complete discussion of all of the plan's phases will be a public servece."

According to present plans, the meeting will not be a debate, but will feature two thoroughly qualified speakers, talking for and against the plan, with a brief question period to clear up any doubtful points.
There will be no admission charge and the general public is invited.

Mrs. Francis F. Harris of N. Central Avenue left Thursday morning for Modesto where she will visit her sister.

PLANNING COMMISSION SLATES INFORMAL MEET ON MASTER STORM SEWER SURVEY PROPOSAL

The Santa Clara County Planning Commission has called an informal meeting on the proposed Master Storm Sewer Plan for Santa Clara County to be held at 2 p.m. Wednesday, July 27, in the Board of Supervisors Chambers at theCounty Court House, San Jose.

On June 6 of this year, Mark E. Thomas, civil engineer, sent a letter to the commission calling attention "to a vital need in this valley, namely the matter of adequate storm drainage," and suggesting that the planning commission should prepare a Master Storm Sewer Plan for the county somewhat similar to the sewerage plan which was prepared by Dean Sullivan and Professor Hyde.

During the rainfall period last winter various complaints were received from citizens by the County Planning Commission that in some subdivisions inadequate storme drainage facilities had caused water to flood private property causing damage, including functioning of septic tank systems. Although the County Planning Commission, under the law, has no responsibility for storm drainage provisions or flood control, it does pass upon various aspects of community design including the layout of subdivisions.

The Springer tract in Saratoga, across Campbell Creek from the main business section, was one of the hardest-hit areas in the county last spring when heavy rainfall and bad drainage situation caused septic tanks to back up and overflow. Some residents reported sewage floating in their yards.

An Monday's session of the County Board of Supervisors, Earl C. Campbell, supervisor for the fifth district, said flood drainage was a county-wide issue rather than a series of local ones, and declared that the over-all picture should be given consideration. Some 200 proponents and opponents of the storm drainage survey will attend the meeting July 27 when the problem will be discussed.

Nestor Barrett, director secretary of the commission, said the commission believes it can perform a public service within the scope of its authority by ascertaining if it is the belief of the engineering profession of the engineering profession of the county that some overall plan for the ultimate solution of the storm drainage problem is needed. The meeting next Wednesday has been called for this purpose, and a large group of county residents, representing the various rural and community areas, has been invited to attend.

Written statements on the subject will also be acceptable, and should be sent to the commission some time prior to the date of the meeting.

There follows a copy of the letter received by the planning commission from Mark Thomas with reference to the proposed flood control survey.

Santa Clara County
Planning Commission,
San Jose, California
Sirs:

This is to call your attention to a vital need in this valley, namely the matter of adequate storm drainage. Further, it is hereby suggested that your honorable body consider the preparation of a master plan for storm sewers.

A. REASONS:

The rapid growth of this valley during a period of dry years has brought upon us the menace of local flooding in times of extreme and even normal rainfall. The magnitude of this menace is at present unknown to anyone. What can happen was illustrated in a small way during the rains of last Spring, following a dry winter, in the Vollmer and Hillview tracts. The sanitary menace only, in that area is being alleviated; the flood menace remains.

The early study of this problem may bring out possible ways of conserving this runoff through percolation or other methods.

A master plan for storm sewers would, we believe, result in the eventual saving of considerable sums of money to individual property owners, to the county, and to the several cities in the county. The following general cases and specific examples are presented to illustrate this point:

1. New subdivisions could be integrated with the plan; the subdivider being required to construct storm sewers of adequate size, where required. Where an undue burden would be placed on an individual subdivider, an assessment district of appropriate size could be formed to equalize the cost according to benefits.

2. Cities, in constructing storm sewers, could consider outlying areas, and, through cooperation with the County, could construct sewers of adequate size initially, thus obviating the requirement of laying duplicate sewers or enlarging sewers at a later date. In fact, the advantages to cities is such that they might be willing to share in the cost of the preparation of the master plan.

3. Storm sewers for the areas such as the Vollmer and Hillview tracts could be constructed according to a plan without the fear of wasteful expenditures; as it is now, storm sewers for such areas would have to be constructed piecemeal. Here also, we may find ourselves building duplicate systems or forced to enlarge sewers at an early date.

4. This firm recently designed the site development for a large new school. Best practice would have been to install storm sewers within the site. We were prevented from this due to the lack of storm sewers, or any plan for same in the general area. Thus, it was necessary to design the site for surface drainage. Before construction was completed, the area was annexed to a city and storm sewers were required. Had a plan existed considerable savings to the School District could have been effected.

5. Federal and/or State funds may become available for storm sewer projects. If this occurs, a master plan would permit areas in this County to take advantage of such grants.

A recent letter to this firm from Mr. D. C. McGinness, District Director, FHA, in connection with sanitary sewers, also stated:

"We will expect that satisfactory provision be made in all areas for drainage of surface water; and it will be our purpose to call the attention of subdividers and local authorities to drainage problems wherever they exist in subdivisions where FHA financing is contemplated."

B. COORDINATION WITH ARMY ENGINEERS.

At the suggestion of Mr. Nestor Barrett we have checked with the U. S. Army Engineers in connection with the progress of their flood control survey of this county. Latest information is contained in an enclosure to this letter.

C. SPECIFICATIONS

The specifications for the survey necessary for a master plan for storm sewers should include some or all of the following points:

1. Tabulating and mapping of existing storm drain structures.

2. Location of boundaries of storm drain areas.

3. Estimate of reasonable design flow for all areas.

4. Coordination with the Water Conservation and other authorities, together with the consultation with a qualified engineering geologist to determine the feasibility of conserving some or all of this storm flow, through percolation or other methods.

D. COST:

The cost of such a survey even with the most strict specifications should certainly be less than the cost of the Hyde-Sullivan report concerning sanitary sewers and disposal problems. It might be considerably less under less strict specifications.

In the event that your honorable body sees fit to further consider the preparation of such a master plan and should the decision further consider the employment of private engineering for the purpose, this firm will be pleased to submit sugested detailed specifications together with a cost estimate thereof.

E. SUMMARY:

In short, due to the rapid growth of this community, we propose a survey for a master plan for the purposes of efficient construction, conservation of funds, security of property owners, and possible conservation of water.

Yours very truly,
MARK THOMAS & CO.

ENCLOSURE FROM ARMY ENGINEERS

Data obtained by Mark E. Thomas, this date, in conversation with Mr. H. G. Crowle, U. S. Army Engineers, San Francisco, relative to the status of the Army Engineers' flood control survey of Santa Clara County:

1. It has already been determined that the enlargment of the Lexington Dam, to provide additional storage for flood control would not be economically feasible.

2. It is probable that the same conclusion will be reached relative to the enlargement of other dams in the county.

3. An alternative may be the deepening of the lower Guadalupe and Coyote Rivers together with the construction of higher levees.

4. A master plan, made now for Santa Clara county, would not conflict with the flood control project. The effects would be:

a. The deepening of channels would make storm sewers more effective.

b. The raising of levees might require the future construction of check gates at the outlet of storm sewers.

5. The Flood Control Survey will not be completed in less than two years from now, because of the fact that the Army Engineers have a number of other projects with higher priorities.

Large, New Crop STRAWBERRIES ... basket 29¢

Dustless. For Linoleum, Hardwood Floors, rugs
Sponge BROOM Larenz Natural Rubber $1.98

Field's Store

This familiar sight was repeated 71,000 times last year

It was an all-time record... more than 71,000 new connections to P. G. and E. lines in one year—1948. Nearly 60,000 of them were new single-family dwelling units. That's more than the number of connections we made in the last two prewar years put together ... a dramatic example of California's growth. In the 46 counties we serve, there are half again as many people as in 1940...more than 1,500,000 new power users. It takes lots of horsepower to meet their requirements... and here's what we're doing to provide it:

Five new power generating plants have been brought on the line in the last thirteen months. Their combined capacity is almost 600,000 horsepower.

New power lines, built since the war to carry electricity where it's needed, would reach half-way around the earth at the equator... 12,000 miles.

We're rushing still more plants to meet California's future growth. By the end of 1951, we will have doubled our prewar generating capacity.

Work never stops on our power-building program
